PROVERBS 31 MARKETS

RISE & BUILD

PROVERBS 31 MARKETPLACE · THE PROVERBS 31 COLLECTIVE BY NEBA

Brand *kit*

Two marks, one family. How the P31 brand looks, sounds and holds together across the marketplace, the Collective, social media and print.

01 · THE MARKETPLACE LOGO

Rise & build

Three panels: PROVERBS, 31 and MARKETS, in gilded capitals on plum, with RISE & BUILD beneath. It is the logo of Proverbs 31 Marketplace (p31market.com, the markets, curators and shops) and of its social accounts. The Collective keeps the hands (page 3).

Do use the files in marketing/brand/market · keep PROVERBS spelled in full · keep the panels on plum · give it a panel's width of space all round.

Don't retype the letters in another font · stretch or rotate it · put the hands inside it · use it for Collective mentorship materials.

The type is Bodoni Moda (open source). The files are drawn by scripts/market-logo.mjs, which also makes the site's icons, favicon and link preview.

02 · THE COLLECTIVE MARK

Two hands, *one circle*

The hands are the whole story: one lifting, one receiving, inside a ring that is never closed. Plum for the hand that gives, gold for the hand that is raised. It is the mark of The Proverbs 31 Collective by NEBA: mentorship, the classroom and The Gathering. The marketplace has its own logo (page 2).

Clear space and size

keep a space the width of the gold hand's thumb on every side

smallest: 24 px on screen · 0.4 in in print

App icon and favicon

The mark sits on a plum-to-night tile for icons and profile pictures, so it reads at 32 px. Use the round version for Instagram, Facebook, Google and email avatars.

Do use the mark exactly as supplied · give it room · put it on plum, night, ivory, white or a calm photo · use white on busy backgrounds.

Don't stretch, rotate or recolor it · add drop shadows or outlines · place it over text · redraw the hands · use the old emblems next to it.

03 · COLOR

Plum, gold and *ivory*

Plum is the lead. Gold is the accent, used sparingly, where the eye should land. Ivory is the ground on the marketplace; night is the ground on the Collective and in video.

Royal plum #3A1C36	**Deep plum** #3A1C36	**Night** #2D1529	**Amethyst** #9B71B2
Gold #D9A93A	**Gold light** #F2CE4D	**Ivory** #F8F3FA	**Mist** #EFE4F3
Emerald · success #17A673	**Thistle · tint** #E3D0EA	**Line** #DCCBE3	**Ink · text** #2A1526

Pairings that always work

- Ivory page · ink text · plum headings · gold for one accent per screen (a button, a line, an italic word).
- Night section · white text · gold-light accent · plum only as a soft glow or gradient.
- Gold buttons carry dark text (#2A1A00). Plum buttons carry white. Never gold text on plum below 18 pt.

04 · TYPE

Noto Serif and *Manrope*

Where her gifts *make room.*

Noto Serif for headlines and pull quotes. Regular weight, tight line height, one italic word in gold for emphasis. Never bold headlines; the italic does the work.

EYEBROW LABEL

Body copy in Manrope, 15–17 px on screen, comfortable line height.

Manrope for everything else: body, buttons (800 weight), labels (uppercase, letter-spaced), numbers. Buttons are pills with no borders.

05 · VOICE

Warm, elegant, *confident*

How we sound

- Faith-rooted without preaching. All are welcome.
- Celebrates the woman and her craft. Specific over clever.
- Short sentences. Plain words. One idea at a time.
- Scripture with care: KJV, quoted exactly, one verse at most. Anchor: Proverbs 31:31.
- We never invent prices, dates or claims. If it's not confirmed, we don't say it.

Lines we return to

"Where her gifts make room."

"Heal. Rise. Build. Prosper God's way."

"Give her of the fruit of her hands; and let her own works praise her in the gates." — Proverbs 31:31

Names, written the same way every time

- **Proverbs 31 Marketplace** (short: P31, P31 Marketplace) · **The Proverbs 31 Collective by NEBA** (short: the Collective, P31 Collective) · vendors are **curators** on the marketplace.
- **Melanie JC**, Founder & CEO. Carla is the virtual assistant (DMs, comments, email drafts).

06 · SOCIAL AND VIDEO

Reels that *hold*

The first 2 seconds

A hook on screen in big words: a promise, a question or a number. No intros, no logos first. Cut or change the shot every 1.5–3 seconds.

Captions on, safe zone

Captions always on, inside the safe zone (clear of the bottom 22% and right 10% where Instagram draws its own buttons). Bold caps or karaoke styles for energy, serif italic for story.

Caption copy

Hook first, keywords people search, "link in bio" on Instagram, 3–5 specific hashtags. Post when the audience is active (Studio shows the best times), then reply fast.
